Powers Ferry Corridor Alliance volunteers clean up the community at its semi-annual Fall Cleanup

(Marietta, Ga.) Sixteen community volunteers joined the Powers Ferry Corridor Alliance's Adopt-A-Mile Fall Cleanup on Saturday, November 7, 2026, collecting trash in partnership with Keep Cobb Beautiful. Keep Cobb Beautiful's Adopt-A-Mile program brings individuals and groups together to improve the community's appearance. The Kroger at MarketPlace Terrell Mill provided a spot for the event's staging area.

Equipped with bright yellow safety vests, gloves, trash bags and grabbers, volunteers collected roadside litter, glass containers and discarded clothing along a mile-long route encompassing Powers Ferry, Terrell Mill roads.

Connie Day, president of the PFCA, praised the volunteers' commitment to the community. "It's impressive to see local residents and PFCA board members keep our community clean and vibrant," she said. "Our organization strives to create opportunities for volunteers to give back and also be a part of a bigger initiative."

Volunteers included people from numerous neighborhoods in the area as well as individuals from the Vinings Rotary Club. Even though outgoing Cobb County District 3 Commissioner JoAnn Birrell couldn't attend this year's event, the PFCA would like to especially thank her for her support and past participation. Also participating was a board member's eight-year-old grandson, who remembers attending the event at age three. This year, he will earn special recognition from his local Cub Scout troop for helping with the cleanup.

Kroger provided water, coffee and bananas for volunteers. Participants who completed the cleanup also received an oil change coupon from the neighborhood Take 5 shop.

ABOUT POWERS FERRY CORRIDOR ALLIANCE
The Powers Ferry Corridor Alliance is a nonpartisan, nonprofit community group of individuals, homeowners associations and businesspeople working to improve the Powers Ferry and Terrell Mill areas in Cobb County, Georgia. The PFCA promotes quality growth and revitalization, provides a forum for informed dialogue, supports local public schools and fosters the community's economic vibrancy. For more information, visit powersferryca.com or email contact@powersferryca.com.
